

Penn State Quality Assurance e-Learning Design Standards
Course Review Worksheet

This worksheet is designed to be used when reviewing an online course using the *Penn State Quality Assurance e-Learning Design Standards*.

For each standard, course reviewers should indicate below whether the standard has been met, met “if modified” (as suggested by the reviewer), or not met. Especially in the case of the latter, reviewers are strongly encouraged to provide meaningful feedback in the space provided that will assist the course author in meeting the standard.

Detailed criteria for each of the standards can found on the *Penn State Quality Assurance e-Learning Design Standards* document.
