

Come home to the Penn State Berks

# RESIDENCE HALLS

At Penn State Berks, we're all about community and that starts with where you live, eat, and sleep. On-campus housing serves 800+ students in two great living options: The Village and The Woods. Both offer fully furnished suites that include amenities such as refrigerator/freezers, microwaves, wireless internet, computer ports, and much more. Both are just a short walk from Tully's cafeteria, the Cyber Café, classrooms, the Thun Library, athletic fields, the gym, and other campus facilities. Parking is conveniently located near the residence areas.

## The Village

The Village offers the traditional college experience and all the fun and memories that come with it. Comprised of six separate buildings in a quaint "village" style layout, each hall houses eight fully-furnished suites. Each suite consists of four double rooms sharing two semi-private bathrooms, with a separate shower and toilet stall, two sinks, and storage space, between eight suitemates. Each hall offers vending machines, central lounge areas with 50-inch televisions, and a study lounge. The Village also includes a central building, Bowman Hall, that provides a laundry facility, computer access, bicycle storage, and space to hang out or study.

## The Woods

The Woods provides a more private style of living without sacrificing the college roommate experience. Made up of seven interconnected buildings, the Woods offers four-person suites including either single- or double-occupancy rooms, giving you the opportunity to have your own space or to share a room with one other person. Each suite has a semiprivate bathroom, with separate shower and toilet stalls, two sinks, and storage space, shared by suitemates. The Woods also includes one central lounge in Ivy Hall with a fireplace and an outside patio, a state-of-the-art learning lounge, several study lounges, and vending machines.

## Security

All the residence halls have electronic 24-hour card swipe access, ensuring that only residents can gain access to the buildings; this system is in place 24-hours a day. We also have modern fire safety systems, closed-circuit tv cameras that monitor the entrances and exits of all the buildings, and around-the-clock police officers who help keep you safe.
